

Basketball/Sneakers

I remember when these shoes used to walk me right into trouble, everyday till I finally came to the D-Home. But, before that, like in the picture, the simple basketball used to keep me out of trouble. It would keep me at the park having fun. But now that I'm here at the D-Home with no way to get out, this basketball is the only thing keeping me sane and happy. Hopefully when I get out, this simple sport will keep me out of jail.
