Instructions to enable pop-ups

Chrome:
1. Turn pop-ups on or off
2. On your computer, open Chrome.
3. At the top right, click More (3 dots in a vertical row or 3 horizontal lines)
4. Click Settings.
5. At the bottom, click Show advanced settings.

Firefox:
1. Click the menu button (Top Right, 3 horizontal lines) and choose Options.
2. Select the Content panel.
3. Make sure the Block pop-up windows checkbox is checked.
4. To the right of Block pop-up windows, click the Exceptions... button. A dialog box will open and lists all the sites that are allowed to show pop-ups.
5. Add www.nmbar.org
6. Click on ‘Save changes’ to update your changes.
7. Exit the page. Any changes you've made will automatically be saved.

Safari:
Mac OS X and macOS Sierra
1. Click on Safari in the browser menu, located at the top of your screen. When the drop-down menu appears, choose Preferences.
2. Please note that you can use the following shortcut keys in lieu of clicking the menu choice: Command + Comma (,)
3. Safari's General Preferences dialog should now be displayed, overlaying your browser window. Click on the Security tab.
4. Safari’s Security Preferences should now be displayed. In the Web content section is an option labeled Block pop-up windows, accompanied by a check box. If this check box is populated, then Safari's integrated pop-up blocker is currently enabled. If it is not enabled, simply click on the empty check box to complete the activation process.

Internet Explorer:
1. Go to the Menu Bar of Internet Explorer and select the gear in the top right.
2. Select Internet Options
3. Click on the Privacy tab
4. Make sure the box "Block Pop-up Windows” is checked and click ‘Settings’
5. Add www.nmbar.org and click ‘Close’
6. Click ‘OK’
