1. Presentation of Casemaker

Casemaker representatives Keith Ashmus, Bradley Lagusch, and Denny Ramey, President, Director of Marketing and Executive Director, respectively, of the Ohio State Bar Association, provided a presentation on the online legal research product. The Casemaker Committee met with the representatives the day prior to the Board meeting and recommended approving Casemaker as a benefit to members at no charge. The cost to the State Bar would be approximately $57,000, or $10 per member, annually. Thirteen bar associations have joined the consortium and as other bar associations join, those states’ laws are made available to members. Kathleen Jo Gibson reported via teleconference possible concerns regarding the product because the Compilation Commissioner sells statutes, court rules and administrative code to all state agencies and it receives royalties from publishers for the copyrighted material. If members receive the information through Casemaker, it could have a significant financial impact on the Court’s budget. Ms. Gibson requested that the Board table the decision until the March meeting to give the Compilation Commission an opportunity to present a response to the Casemaker proposal for the Board’s consideration.

2. Approval of December 12, 2003 Meeting Minutes

Commissioner Behles made a motion to approve the December 12, 2003 meeting minutes and the motion passed.

3. Finance Committee Report

The Finance Committee met prior to the Board meeting and Secretary-Treasurer Jontz reported on the Committee’s discussion and recommendations as follows:

A. Recommended sponsoring the 2004 Leadership Training Institute and approving the proposed budget in the amount of $11,800, to be funded from the Annual
Convention line item. Any additional sponsorship money will be used to reduce the State Bar’s costs. Commissioner Berlin made a motion to approve the 2004 Leadership Training Institute and the motion passed;

B. Recommended approving dues fee waivers for those who met the criteria and complied with the requirements. Commissioner Berlin made a motion to approve the dues fee waivers and the motion passed;

C. Discussed and recommended approving six challenges to the 2004 State Bar budget regarding the education of staff on union issues in 2002. While the Board believes the expenditure was germane to the profession, the consensus was to refund that portion of the challengers’ dues out of respect for their opinions. Commissioner Behles made a motion to approve the refund for the challenges and the motion passed;

D. Executive Director Joe Conte reported that the mailing label system used for addressing the Bar Bulletin and CLE brochures is broken and the cost to replace the system would be between $15,000-$20,000; leasing the machine is also an option. The Finance Committee recommended approving the purchase or lease of a new mailing label system up to $21,000. Commissioner Alcott made a motion to approve an expenditure of up to $21,000 for the purchase or lease of a new mailing label system, at the discretion of Executive Director Joe Conte and President O’Brien, and the motion passed;

E. Reviewed and approved the Executive Director’s credit card expenses;

F. Reported that the Audit/Budget RFP process will begin in March;

G. Received a briefing from Meyners + Co. on the audit; and

H. Accepted the November 2003 Financials.

4. Acceptance of Financials

Commissioner Vigil made a motion to approve the November 2003 Financials and the motion passed.

F. Other

6. Executive Director’s Report

Executive Director Joe Conte’s written report was included in the materials. Mr. Conte reported that the State Bar Newsletter was being reinstituted and distributed copies to the Board.

7. Bylaws/Policies Committee Report

Chair Chuck Vigil reported on the January 13th meeting and requested approval of the following bylaw and policy amendments:

A. State Bar Bylaws, new Article 2.8—Law Student Membership and new Article 2.9—Affiliate Members

Amendments were made to the proposed new Bylaws, Article 2.8—Law Student Membership and Article 2.9—Affiliate Members, regarding determining the fee annually. Thirty days’ notice of the Bylaw amendments was provided at the December meeting. Commissioner Alcott made a motion to approve the amendments and the motion passed.

B. Mailing Label/Email Policies

The committee was requested to address the Board’s concerns regarding providing mailing labels/e-mail blasts for political campaigns and revised the policies to not provide e-mail blasts for political campaigns or investment opportunities. The committee recommended that the Bar continue to sell mailing labels for political campaigns but not for investment opportunities. The committee’s position remained unchanged with regard to charging for mailing labels/e-mail blasts. Commissioner Alcott made a motion to approve the amended policies and the motion passed.

C. Editorial Policy/Board of Editors’ Request

The committee amended the Editorial Policy regarding term limits for members of the Board of Editors to serve no more than two consecutive two-year terms. The revision affirms the Board of Editor’s request to extend four members’ terms for an additional term. Commissioner Briones made a motion to approve the amendment and the motion passed.

8. Committee for the Delivery of Legal Services to People with Disabilities Request

Committee Co-chairs Greg Trapp and Sandy Gomez reported that there is a significant barrier in the delivery of legal services to persons who are deaf or hard of hearing. There is a provision to enable effective communication through sign language interpreters, a transcriptionist, or an assistive listening device. However, the ADA prohibits assessing any type of charge to clients for the cost of a reasonable accommodation, which limits the receipt of pro bono legal services. Since sign language interpreter costs can be significant, Mr. Trapp and Ms. Gomez requested funding for a pilot project in the amount of $500 to be used to reimburse attorneys who had already provided pro bono services. Monies collected from dues form contributions to the Bar Foundation, in addition to a checkoff for this project on the 2005 dues form, would fund this project. Ms. Gomez noted that the committee will develop guidelines and an application process
for distribution of those funds for approval by the Bar’s auditor. Commissioner Behles made a motion to approve setting up a designated fund for the pilot project in the amount of $500 collected from dues form contributions to the Bar Foundation and to add a separate contribution checkoff for this fund on the 2005 dues form, and the motion passed.

9. Task Force to Study the Administration of the Death Penalty in New Mexico Final Report

Co-chairs Todd Wertheim and Judge Rudy Apodaca presented the final report of the task force. Judge Apodaca reported on the history of the Task Force and the fact that it has been in existence for four years. He stated that the task force was created by the Board in response to the ABA’s request for bar associations to study the death penalty. The task force originally studied whether a moratorium should be enforced in New Mexico; however, the Board determined that approach was controversial and requested the mission of the task force be amended to study the administration of, not a moratorium on, the death penalty. The Board changed the name of the task force to reflect the new mission and requested that additional members be added to the task force to diversify its composition. Judge Apodaca thanked Co-chair Todd Wertheim, Marcia Wilson, Carol Clifford and Maggie Gombos for all of their work on the task force and on the final report and noted that prosecutors, lay persons and civil workers all assisted in compiling the report and recommendations. Commissioner Alcott made a motion thanking the task force for its work on the report and for the Board to take the recommendations under advisement. The motion failed for lack of a second. Judge Apodaca noted that the Board didn’t need to accept the report; the task force created the report pursuant to the Board’s request and the Board could do whatever it wanted with the report. Following discussion, the Board determined that accepting the report did not constitute an endorsement of all of the recommendations. Commissioner Vigil made a motion to accept the final report and the motion passed with one nay. Commissioner Vigil asked who was going to carry out the recommendations, and President O’Brien responded that members of the task force could pursue further action on their own or as a group. Mr. Wertheim requested assistance in distributing the report and for the members of the task force to be included. Mr. Conte stated that the final report and recommendations will be posted on the Bar’s web site and hard copies made available upon request. (The Executive Summary is attached.)

10. Committee on Women and the Legal Profession Report

Committee Co-chairs Jeff Albright and Laura Fashing reported on the committee’s activities for 2003 and plans for 2004. The Ask Pat compilation and annual report were distributed to the Board. Mr. Albright reported that the committee has statewide representation with approximately 20 active participants from various areas. He also thanked the Board for the committee pool budget increase and explained that production and distribution of their brochures and pamphlets, which they have made available to the ABA and other state bar associations, are the largest expense in the committee’s budget. Ms. Fashing reported that the committee developed domestic violence cards, printed in Spanish and English, and distributed over 7,000 to various organizations. The committee plans to revise the “Handbook for Gender Equality in the Courts,” which was last revised in October of 2002, to include a Federal Court insert so that the handbook would be pertinent to Federal and Tribal Courts. In July of 2002, the committee received permission from the Board to introduce legislation requiring that new laws be drafted in gender-neutral terms. The committee intends to draft revisions to the statutes in gender-neutral terms, with assistance from the Legislative Procedure Class at the law school, to be introduced to the Legislative Drafting Committee in 2005. Mr. Albright reported on the Ask Pat compilation, a short booklet prepared from a regular column that had been published in the Bar Journal and that addresses many legal issues applicable to both men and women. The committee also plans to hold a classroom session at the UNM Law School on the Ask Pat columns and introduce students to issues on gender neutrality and bias in the courts. Additionally, the committee is planning a CLE to address the “glass ceiling” for women as partners of law firms and judges and the difference in marketing techniques used to attract men and women attorneys.
11. Membership Services Committee Report

Christine Morganti reported that Alan Malott resigned as chair of the Membership Services Committee and that Mary Ann Baker-Randall has agreed to chair the committee for 2004. The committee will continue to work on affiliate partnership agreements.

12. Request from Chief Justice Regarding Judicial Funding from the 2004 Legislature

Commissioner Whitefield reported that Chief Justice Maes requested assistance from commissioners in approaching legislators they know to support the Court’s request for funding from the 2004 Legislature. Information regarding judicial salaries and funding was distributed at the meeting, which reflected that judicial salaries in New Mexico are lower than in most states. Following discussion, the Board agreed to encourage State Bar members to support the courts in lobbying the Legislature for funding to increase judicial salaries in New Mexico.

13. Division Reports

A. Young Lawyers Division

Young Lawyers Division Chair Mo Chavez reported that three YLD Board members will be attending the ABA Midyear Meeting in San Antonio and that the YLD will be receiving special recognition from the ABA for the Leadership Training Institute. He also reported that the Division was approached by the ABA for the possibility of having the ABA’s YLD regional meeting in New Mexico. President O’Brien, Commissioner Hernandez and Executive Director Joe Conte volunteered to work with Mo Chavez to gather information for the 2005 or 2006 national conference for the ABA to consider.

B. Senior Lawyers Division

Senior Lawyers Division Delegate Dan Behles reported that the Division held the first KOB-TV call-in program this year, at which nine lawyers volunteered and each handled approximately 20-30 calls; he noted that several of the calls were referred to LREP and CAAP for assistance.

C. Paralegal Division

Paralegal Division Liaison Kay Homan thanked the Board for the printing and publishing of the Paralegal Compensation, Utilization and Benefits Survey in the Bar Bulletin. She reported that a letter from the Division to the Supreme Court in response to members’ comments to proposed Legal Assistant Rules changes was included in the materials for President O’Brien’s signature, and that she would be delivering the letter to the Supreme Court.

14. New Business

A. Commissioner Alcott made a motion to form a subcommittee to look into a State Bar satellite office in Las Cruces. Commissioners Martinez, Pitts and President O’Brien volunteered to work with Executive Director Joe Conte to determine the feasibility of a satellite office, and the motion passed.

B. Christine Morganti reported the following:

   (1) The Indian Law Section board complied with proper legislative advocacy procedure, and a quorum of the Section board voted unanimously to support the Tribal State Judicial Consortium’s request for funding from the 2004 Legislature;
(2) The Taxation Section intends to lobby the 2004 Legislature to oppose amendment to Section 7-1-73 of the New Mexico Statutes Annotated 1978 drafted by the New Mexico Taxation and Revenue Department; and

(3) The Children’s Law Section intends to lobby the 2004 Legislature to present a memorial to study the pay for attorneys who work in Children’s Court.

4. Casemaker Report

President O’Brien reported that the Casemaker Committee met and requested the Court’s opinion of the Casemaker product and the Court sent a Memo regarding its concerns. The committee teleconferenced with Kathleen Jo Gibson and she reported that the Compilation Commission is concerned about the ability of Casemaker to provide current and accurate information to members. She informed the committee that the Compilation Commission’s current vendor, American Legal Publishing, which provides copyrighted annotations to statutes, updates to court rules, forms, jury instructions, etc., has breached its contract, and the Court is currently negotiating with other vendors, including Lexis and West, to provide this service. She also informed the committee that the main focus of the Compilation Commission is to provide accurate and current information at the best rate. She requested the Board to table its decision to the May meeting. Commissioner Briones made a motion to table the decision on Casemaker to the May meeting and the motion passed.

5. Update on Electronic Distribution of the Bar Bulletin

Executive Director Joe Conte reported that the Supreme Court approved the Bar’s request for electronic distribution of the Bar Bulletin. Staff is currently testing the document, which is quite large and probably won’t work well with a dial-up account. A notice to the membership informing them of this option will be published in the Bar Bulletin, and the launch date is scheduled for April 1st.

6. President’s Report

President O’Brien reported on the following:

A. Bar Commissioner District Lists Regarding Target Marketing

Pursuant to a request for assistance with target marketing at the December meeting, membership lists were distributed for commissioners to identify practice areas.
B. NCBP Midyear Meeting

He, President-elect Vigil, Executive Director Joe Conte and Director of Administration, Madonna Vandeventer, attended the National Conference of Bar Presidents (NCBP) in San Antonio last month. He noted that State Bars are spending a lot of money to promote professionalism; the Nevada Bar spent $250,000 on an extensive PR campaign and the Wisconsin Bar spent $50,000 on a new logo.

C. Communications Committee Meeting

The Bar’s Communications Committee met on February 24th and discussed branding and the need to identify everything the Bar sends out as being from the State Bar. The committee reviewed a few sample logos and the membership survey and will develop ways in which the Bar can communicate better with its members. He noted that the committee is a diverse group comprised of members of the Board and the Committee on Diversity.

D. Commission on Professionalism Meeting

He reported that he co-chaired his first meeting of the Commission on Professionalism on February 26th. Members debated whether it should be doing external or internal promotion and decided to hold a facilitation/strategic planning meeting on April 30th to determine its focus, develop short and long-term goals, and discuss altering the professionalism requirement to one hour and/or combine with ethics.

E. Other

• Pursuant to a request from a member to publish the letter sent to those members who challenged the budget regarding a non-budgeted expenditure related to the union petition, he drafted a notice explaining the Board’s position; the notice was published in the February 12th Bar Bulletin, and no responses to that notice have been received from members.

• He participated in the High School Mock Trial for the first time and noted that it’s a great program and well worth the State Bar’s cosponsorship.

7. Executive Director’s Report

Executive Director Joe Conte’s written report and the State Bar Newsletter were included in the materials. Mr. Conte reported that the Conference on Commonality was well received and opened up dialogue among minority bars. A follow-up meeting is being scheduled to develop an action plan from the conference. He also reported that he and Kris Becker have been working with Rick Kraft on plans for the Leadership Training Institute. He will be taking the professionalism program to the Chaves County Bar in Roswell on March 29th and is planning to meet with other local bars and offer the professionalism program.

8. Membership Survey Report

Brian Sanderoff of Research and Polling reported on plans for the 2004 membership survey, which was distributed at the Board meeting. He stated that the survey captures all of the issues that the Bar feels are important, and the ultimate goal is to obtain results that are statistically valid. Reminders will be sent prior to and after the survey has been mailed, and they are hoping for a response rate of 20 percent. The final survey will be mailed to all active members the week of March 22nd, and the results will be made available at the May meeting.
9. **Bylaws/Policies Committee Report**

Chair Chuck Vigil reported on the February 20th meeting and request approval of the following bylaw and policy amendments:

**A. Proposed Revisions to Children’s Law Section Bylaws** – the Section requested revisions to its Bylaws to comply with the way in which it is currently operating— for the section to not be required to cosponsor CLE programs with the Bar’s CLE Department. The Bylaws/Policies Committee noted that the proposed revision deviates from other section bylaws, however the committee did not oppose the amendment. Membership and Communications Director Christine Morganti reported that the Indian Law Section met prior to the Board meeting and requested the same revision to its Bylaws. Executive Director Joe Conte stated that the Bar cannot force sections to cosponsor with CLE; staff needs to convince the sections that CLE can offer programs to them at a reasonable cost. Chair Vigil recommended that the Executive Director work with the sections and decide on these requests on a case-by-case basis. Commissioner Briones made a motion to not approve the requested revisions to the Children’s and Indian Law Sections’ Bylaws and the motion passed.

**B. Grievance Policy** – Bylaws/Policies Committee member David Berlin drafted a new proposed policy, which addresses complaints involving the Executive Director and replaces the current Grievance Policy. Since this is a staff policy and included in the Employee Handbook, it was referred to the Personnel Committee which met prior to the meeting and made several revisions. Commissioner Briones made a motion to approve the new policy as amended by the Personnel Committee and requested an additional amendment for staff to be able to file their complaint with either the Executive Director or the Human Resources Director, and the motion passed.

**C. PTO (Paid Time Off)** – the Bylaws/Policies Committee recommended approval of the new proposed policy, which combines vacation and sick leave and replaces the current Leave Policy. Since this is a staff policy and is included in the Employee Handbook, it was also referred to the Personnel Committee, which recommended approving and making effective April 1st. Commissioner Castille made a motion to approve the new policy as presented effective April 1st and the motion passed.

**D. State Bar/BBC Policies** – the Bylaws/Policies Committee revised and compiled all of the State Bar/BBC policies into a handbook, which will be updated as new policies are approved by the Board.

**E. Executive Sessions of the Board** – this was a policy, but the Bylaws/Policies Committee recommended incorporating into the Bylaws under Article IV, Section 4.5d. Thirty days’ notice was provided and approval of the new Bylaw will be on the May meeting agenda.

10. **Approval of Client Protection Fund Recommendation**

Public and Legal Services Director Richard Spinello reported on the Client Relations Committee’s recommendation regarding a claim made to the Client Protection Fund. He stated that since the claim was against someone who was not an attorney, the committee recommended not paying the claim pursuant to the rules of the Client Protection Fund. He reported that the case will be followed up under the unauthorized practice of law, which is part of CAAP. Commissioner Behles made a motion to approve the committee’s recommendation and the motion passed.
11. Approval of New Committee on Human Rights

The Board considered the ABA’s request to establish a committee dealing with human rights and determined not to take any action at this time.

12. Section Legislative Advocacy Compliance Report

Membership and Communications Director Christine Morganti reported that the Children’s Law and Taxation Sections complied with proper legislative advocacy procedure, and that the Children’s Law Section tabled its request due to lack of a sponsor.

13. Division Reports

A. Young Lawyers Division

Young Lawyers Division Chair Mo Chavez reported that the YLD Board held its first meeting the week prior to the BBC meeting and had almost 100 percent attendance; he also reported that he learned at the ABA Conference in San Antonio that New Mexico made the short list for the ABA 2006 Spring Conference in Albuquerque or Santa Fe. The YLD has developed a handbook for new lawyers to educate them on the Bar, the Court system, etc., and is also working with CLE Director Rob Koonce in planning for the Bridge the Gap Conference.

B. Senior Lawyers Division

Senior Lawyers Division Delegate Dan Behles reported that the Board met last month and elected its new officers as follows: Tim Padilla, Chair; Turner Branch, Chair-elect; Barbara Everage, Vice Chair; and Brad Zeikus, Secretary-Treasurer. He also reported that the SLD is continuing to do the KOB call-in program; last week was sweeps week and the volunteers had double shifts. The SLD Board discussed auditing CLEs and plans for a stand-alone CLE program on elderly law during the year.

C. Paralegal Division

Paralegal Division Liaison Kay Homan reported that the Division is pleased to hear that the new rules will be published the following week in the Bar Bulletin. She also reported that 30 percent of paralegals in the state have completed the Compensation & Benefits Survey, and a report should be compiled by the end of the month.

14. FYI

A copy of the 2004 Dues/Licensing Form containing a member’s comments was included in the materials.

15. New Business

A. The Board went into Executive Session to discuss litigation with former CLE Director Roy Reynolds. Following the Executive Session, Commissioner Briones made a motion to appoint a Settlement Committee to work towards a settlement of up to $10,000 (the Bar’s insurance deductible) and the motion passed. Commissioners Behles, Berlin, Vigil Shanor, Pitts and President O’Brien volunteered to serve on the Settlement Committee.

B. Sarah Singleton, Chair of the Legal Services & Programs Committee, handed out the committee’s 2003 annual report and reported on the committee’s activities. She also presented the committee’s new pro hac vice Rule 15-305 NMRA “Practice by Nonadmitted Lawyers Before State Courts” and related amendments
to existing Rules 1-089.1 and 5-108 NMRA “Nonadmitted and Nonresident Counsel,” and Rule 12-302 NMRA “Appearance, Withdrawal or Substitution of Attorneys” for the Supreme Court’s approval. She explained that the proposed rule will require a $250 fee for out-of-state attorneys seeking pro hac vice admission to be paid to the State Bar, which shall collect an administrative fee of no more than four percent, or $10. The balance of the funds will be held in a special fund and distributed annually to nonprofit organizations to support the delivery of civil legal services to the poor in New Mexico. For each proceeding in which the nonadmitted attorney intends to appear, the attorney shall file a registration certificate with the State Bar, which shall be monitored and enforced by judges. The committee anticipates revenues of $100,000 for New Mexico legal services. Commissioner Vigil made a motion to approve the new rule and rule amendments and for the committee to present them to the Supreme Court for approval and the motion passed. Commissioner Vigil suggested that a representative of the Board or Executive Director Joe Conte present the rules with the committee to the Court.

There being no further business, the meeting was adjourned.

2. Finance Committee Report

The Finance Committee met prior to the Board meeting and Secretary-Treasurer Jontz reported on the Committee’s discussion and recommendations as follows:

A. Recommended approving dues fee waivers for those who met the criteria and complied with the requirements. Commissioner Dugan made a motion to approve the dues fee waivers; the motion was seconded and it passed;

B. Accepted the March 2004 Financials and Executive Summary;

C. Reported that the RFP was sent to four auditing firms; proposals are due July 30th and the RFP committee will meet to conduct interviews and make a recommendation to the Board at the September 17th meeting;

D. Determined that the Bar cannot collect surcharges from members who use credit cards to pay their bar dues;

E. Recommended approval of a non-budgeted item in the amount of $250 to fund a dinner of the National Conference of Bar Presidents to be held in Albuquerque in October; the Board and voluntary bar leaders will be invited to attend; Commissioner Whitefield made a motion to approve the expenditure and the motion passed;

F. Discussed the outstanding Bar Center pledges which the auditors wrote off in 2003 and which staff have made several attempts to collect, to no avail;

G. Reviewed the accounts receivable aging report as well as the Executive Director’s travel reimbursements and credit card file; and

H. Recommended approval of a non-budgeted item in the amount of $2,000 for a Las Cruces State Bar satellite office pilot project through the end of the fiscal
year; Commissioner Martinez arranged with Chief Judge Robert Robles to have an office made available to the State Bar free of charge at the Third Judicial District Court for a one-year trial period. The office will provide member and public services and a variety of live and video replay CLE seminars. Commissioner Martinez reported that he spoke with the Dean Scarnecchia about the satellite office and the law school is interested in assisting. Commissioner Martinez will provide an update on the effectiveness of the satellite office at each Board meeting. Commissioner Orraj made a motion to approve the expenditure; the motion was seconded and it passed.

3. **Acceptance of Financials**

Commissioner Alcott made a motion to accept the March 2004 Financials; the motion was seconded and it passed.

4. **Acceptance of 2003 Audit and Management Letter**

Greg Cashman and Pat Wilkins with Meyners + Co., the Bar’s auditor, met with the Finance Committee prior to the Board meeting and provided a brief report to the full Board. Mr. Cashman reported that the State Bar is in a strong financial position with a deficit of $26,000, which is very good for a non-profit organization. The Finance Committee requested that they put together a sample of other like organizations to determine the Bar’s standing among them. He also reported on the minor comments in the management letter involving CLE issues with video rentals and tracking registration in the database, and reconciliation of State Bar inventory.

Commissioner Dugan made a motion to accept the 2003 Audit and Management Letter; the motion was seconded and it passed.

5. **Casemaker Update**

Chief Justice Petra Jimenez Maes sent a letter as President of the Compilation Commission requesting the Board to postpone its decision on the Casemaker online legal research product indefinitely or at least for a period of one year in order to allow for the restructuring of the Compilation Commission. With the termination of the agreement with American Legal Publishing, the Commission is undertaking the responsibility of being the State’s official publisher and will be competing with private publishers to provide legal research to state agencies and members of the bar. The Commission feels that this first year is critical and requested the Bar’s support in delaying its decision on Casemaker. Commissioners discussed the pros and cons of delaying the decision for one year and the fact that Casemaker will take nine months to develop and put in place, which would mean actually waiting almost two years from advising Casemaker to proceed. Commissioners felt that rather than postponing the decision for one year, it could monitor the Compilation Commission’s progress and obtain an update at each Board meeting. Commissioner Alcott made a motion to table the decision on Casemaker to the July meeting and invite a representative from the Commission to attend and discuss its concerns with the Board; the motion was seconded and it passed.

6. **Executive Session**

Pursuant to State Bar Bylaws, Article IV, Section 4.5(d), the Board went into Executive Session to discuss litigation and the Executive Director’s one-year review.

7. **Executive Session Report**

In open session, Commissioner Alcott reported that the Executive Director’s performance evaluation was conducted in Executive Session. He reported that the Board is pleased with Executive Director Joe Conte’s performance and that he would receive a bonus.
8. President’s Report

President O’Brien reported on the following:

A. Western States Bar Conference

12. **Request from ABA Standing Committee on Client Protection**

A report and recommendation from the ABA Standing Committee on Client Protection is being submitted by the ABA House of Delegates at the ABA Annual Meeting in August urging the House to adopt the proposed ABA Model Court Rule on Insurance Disclosure. Hank Kelly, Chair of the ABA Standing Committee on Client Protection and a member of the State Bar’s Lawyers Professional Liability Committee, reported on the ABA House of Delegate’s request to cosponsor and support its recommendation for mandatory disclosure of malpractice liability insurance and requested the Board’s approval. He noted the correlation between lawyers’ professional liability insurance and client protection in that uninsured lawyers have a higher incidence of client protection claims. Mr. Kelly stated that 10 jurisdictions have addressed the issue of insurance disclosure as follows: five require disclosure on the annual registration statement, four require disclosure to clients, and one requires mandatory malpractice insurance to practice law. He reported that the nature of insurance is misleading to clients as it is designed to protect lawyers, not the public, although the benefits of disclosure outweigh the negative aspects. However, there needs to be a mechanism to obtain the information. The ABA Model Rule, which he participated in drafting, would require a lawyer to inform the highest court in the jurisdiction, or designated entity, whether insurance is maintained, and the court would make this information available to the public however it chooses. He noted that although the proposed Model Court Rule would not be binding on New Mexico, it would be helpful in requesting support and approval from the New Mexico Supreme Court. President O’Brien expressed concern that the rule discriminates against members who may not be able to afford insurance. Commissioner Behles stated that obtaining malpractice insurance is just the price of practicing law. Commissioner Orraj clarified that the proposed rule will require lawyers to disclose, not obtain insurance. Following discussion of the pros and cons of the proposed rule, Commissioner Behles made a motion to approve the request to support and cosponsor the ABA Model Court Rule on Insurance Disclosure; the motion was seconded and it passed with one no vote.

13. **Bylaws/Policies Committee Report**

Bylaws/Policies Committee Chair Chuck Vigil requested approval of the following:

The Bylaws/Policies Committee approved the revised policy and recommended approval by the Board. Commissioner Alaniz made a motion to approve the revised policy; the motion was seconded and it passed.
14. **CLE Oversight Committee Report**

Chair Colin Alcott reported that the committee was unable to meet prior to the Board meeting, but that it will continue its oversight of CLE financials and programs. CLE Director Rob Koonce discussed a proposal pursuant to the Senior Lawyers Division’s request to audit CLEs for a minimal fee. The proposal would allow senior lawyers to audit seminars for a fee of $10 without materials or $20 with materials. Commissioner Shanor suggested basing the price with materials on the Bar's cost of materials for each seminar. Commissioners also discussed whether the fee would cover meals and whether MCLE credit should be allowed, if requested. Following discussion, staff was directed to draft a policy for the Board’s approval at the July meeting.

15. **Approval of Client Protection Fund Recommendation**

President O’Brien stated that the report and recommendations regarding reciprocity developed by the Bar’s Multijurisdictional Task Force were sent to the Supreme Court in 2002, and that the Court referred some of the recommendations to the Board of Bar Examiners and Disciplinary Board for their consideration. Following discussion, an ad hoc committee chaired by Dennis Jontz was appointed to follow-up on the recommendations and pursue general reciprocity. Commissioners Shanor, Alcott, Whitefield and Alaniz volunteered to serve on the committee. The Board of Bar Examiners and Disciplinary Board will be contacted for input and participation on the committee.

17. **Casino Advertising Update**

Membership and Communications Director Christine Morganti reported that input was obtained from other state bars, the Bar’s Lawyers Assistance Committee and the Board of Editors regarding whether to accept casino advertising in the *Bar Bulletin*. Although there are no standards in the current Editorial Policy, the Board of Editors specifically recommended to not accept ads from casinos for gambling, but that ads for entertainment-type activities, such as golf and resorts, could be accepted. Following discussion, the Board decided to defer the decision of whether to accept ads for casino advertising to staff, and questionable ads would be referred to the Board of Editors on a case-by-case basis.

18. **Formation of Intellectual Property Section**

Commissioner Jontz reported that there is interest in an Intellectual Property Section and that nine members are willing to serve on the section’s board of directors. Commissioner Vigil made a motion to approve the formation of an Intellectual Property Section contingent upon obtaining 50 signatures and approval of the Section Bylaws; the motion was seconded and it passed.

19. **Abolishment of International and Immigration Law Section**

A memo from President O’Brien to the 19 paid members of the International and Immigration Section requesting volunteers to serve on a board resulted in only two positive responses. No board election has been held since 1998 and the section has been inactive. Pursuant to State Bar Bylaws, Article IX, Section 9.4, if the Board finds a section to be inactive sixty days after
January 1, the section may be abolished. Commissioner Alcott made a motion to abolish the section effective December 31, 2004, and to send a notification letter to the section regarding the abolishment contingent upon its being able to form a board. The motion was seconded and it passed.

She thanked the Board for its support and assistance with the survey. She also reported that the ABA Standing Committee on Paralegals is using the Division as a model for the creation of divisions of other state bars. A. At the request of the Administrative Office of the Courts, the Board will send a letter to the Supreme Court regarding the Bar's Death Penalty Task Force Final Report explaining that the Board's acceptance of the report did not constitute an endorsement of the specific recommendations. With the completion of the final report and dissolution of the task force, individual members of the task force were encouraged to pursue the recommendations on their own.

B. Pursuant to the Board's approval of the pro hac vice rule requiring attorneys not licensed in New Mexico to pay a fee of $250 to assist with funding for legal services providers Court's request, the Supreme Court requested that a mechanism be established for disbursement of those funds. Chairs of Access to Justice commissions, bar committees with an ATJ charge, bar presidents and leaders, state Supreme Court justices and judges met to share experiences, discuss concerns, and learn from experts in the field. Currently, 16 states have ATJ Commissions dedicated to expanding and improving civil legal assistance in the state, composed of appointed representatives of the bar, the courts, legal services providers and other key constituencies; 24 states have a bar committee that performs a similar function. The Legal Services and Programs Committee will draft an Order creating and defining the mission of the ATJ Commission for the Supreme Court’s approval, and upon approval, the State Bar will have three appointments to make to the Commission.

D. Membership and Communications Director Christine Morganti reported that the chair of the Membership Services Committee had resigned and she requested volunteers to chair the committee. Commissioner Alcott proposed dissolving the committee and having staff pursue contracts and bring to the Board for approval. Christine Morganti will contact the committee members again to try to find a chair for the committee. 5. President’s Report

President O’Brien reported on the following:

A. Other State Bar Conventions

He attended the Arizona, Nevada, Texas and Utah State Bar Conventions and found that all of those bars have a good relationship with the courts and that camaraderie and fellowship was evident in both the CLE programming and the social events. He invited Chief Justice Maes to the Oklahoma State Bar Convention in November. He noted that Nevada will be holding its Annual Convention in Santa Fe next year and that Governor Richardson has been invited to speak.

B. Commission on Professionalism Facilitation/Strategic Planning Meeting Report

The Commission forwarded its April 30th retreat report and recommendations to the Supreme Court and requested its consideration and approval of reducing the professionalism requirement from two hours to one hour and removing the approval requirement for professionalism programs of accredited providers. C. Discussion of Supreme Court Order Denying the Deunification Petition

Pursuant to the Supreme Court Order, the Board was requested to confer with all voluntary bar associations in order to recommend a process by which the Court can consider useful, relevant, and meaningful information on the issues raised in the Petition. Following discussion, the Board decided to hold a meeting with the voluntary bars to discuss voluntary versus mandatory membership issues and concerns and how the State Bar and those organizations can more effectively work together to be more relevant to members.

D. Common Cause Meeting Regarding Funding for Judicial Campaigns

He, President-elect Vigil and Executive Director Joe Conte met with representatives of Common Cause regarding a voluntary system of public funding for partisan elections to the Supreme Court and Court of Appeals. The representatives understood that the Bar cannot advocate or providing funding for judicial campaigns, but it can assist with publicity. Chair Colin Alcott reported on the July 1st CLE Oversight Committee meeting stating that revenues were at $20,000 the end of May; he noted that at this time last year, CLE was under budget by $140,000. CLE has increased its marketing and the committee is pleased with the programs that are planned. Additional programs are being added towards the end of the year in October, November and December. Pursuant to a request from the Senior Lawyers Division to audit CLE seminars, the committee requested the Board’s approval of the following policy:

**CLE Audit Policy**

Members of the Senior Lawyers Division of the State Bar may audit State Bar CLE courses at a cost of $10, space permitting. Auditors should contact the CLE office in advance and notify staff of their intent to audit. "Walk-in" auditors will be permitted on a space available basis. Auditors will not receive course materials or MCLE credits for the $10 fee. Course materials, breaks and lunch, if applicable, may be available at an additional cost of $29. If an auditor chooses to receive MCLE credit for attending the course, the request and payment must be made to CLE staff on the day of the program.

The Board discussed whether to allow CLE seminar auditing for all members of the Bar or other divisions, such as the Young Lawyers Division, but decided to have a trial period with the senior lawyers and consider expanding to other members in the future. Co-chairs Dan O’Brien and Chuck Vigil reported on the July 12th Annual Convention Planning Committee meeting. The committee decided to rename the 2005 convention the Annual Meeting, which is scheduled for September 15-17, 2005, in Ruidoso at the Convention Center. The
committee discussed doing basic procedural updates and encouraging sections and divisions to cosponsor seminars and hold their annual meetings in Ruidoso. Justice Sandra Day O’Connor is being invited as a keynote speaker. The committee discussed the fact that the Bar can no longer afford to offer a reduced $50 registration fee. Costs will be carefully reviewed and the registration fee will be based accordingly in order to break even.

14. Discussion of Discrepancy Between State Bar Bylaws and Supreme Court Rule 24-101 Regarding Criteria of YLD Membership

Membership and Communications Director Christine Morganti reported that a discrepancy was discovered between Supreme Court Rule 24-101 and the State Bar Bylaws regarding membership qualifications for the Young Lawyers Division (YLD). According to the Bylaws, one of the criterion for membership is a maximum of five years in practice, and Supreme Court Rule 24-101 lists the maximum number of years in practice as three. Reverting to the three-year maximum would reduce the number of YLD members. Since the organization has been operating according to the five-year maximum for several years, the Board decided to send a letter to the Supreme Court requesting that the rule be revised.

The Division has also set up a chat room for State Bar members, not just senior lawyers, and one of the issues is Medicare rules and regulations.

C. Paralegal Division

Paralegal Division Chair Kay Homan reported that the Division is holding a long-range planning retreat in August and is planning a CLE seminar in September regarding the proper use of paralegals and the new rules. She presented revisions to the Division’s Bylaws and requested the Board’s approval. Commissioner Dugan made a motion to approve the revisions; the motion was seconded and it passed.

Commissioner Vigil made a motion to approve the recommendation to hire REDW; the motion was seconded and it passed.

President O’Brien reported on the following:

A. **NCBP Annual Meeting**

7. Request to MCLE Board for Funding

Executive Director Joe Conte reported that at the last MCLE Board meeting, the Board discussed how to utilize the funds collected from sanctions imposed for late MCLE filings. Mr. Conte requested that the funds be utilized to assist with the Bar’s programs, such as the Client Protection Fund and the Lawyers Assistance Committee. In order for the State Bar to utilize the MCLE sanction funds, a rule change would need to be implemented. Mr. Conte also proposed moving the administration for MCLE under the State Bar, as many state bars administer their state’s MCLE programs. A rule change would also need to be implemented to move MCLE under the administration of the State Bar. The MCLE Board requested that a letter be sent requesting assistance with funding for specific, worthwhile programs of the Bar. The Bar has received a lot of complaints over the years, but it hasn’t been effective in enforcement. The current Rules of Professional Conduct, which were revised in August of 2003, are an improvement with regard to UPL; however, the current statute is deficient and doesn’t capture what constitutes UPL and the practice of law. The subcommittee is requesting the Board’s approval to develop a better definition of UPL and a system for enforcement to incorporate into the statute. Commissioner Jontz made a motion directing the subcommittee to develop amendments to the statute for enforcement of UPL.

11. **Approval of Client Protection Fund Recommendation**

15. Membership Services Update

Membership and Communications Director Christine Morganti referred the Board to the article "Cautions for Association Product Endorsements" in Association Management magazine. She reported on the legal risks named in the article and the steps taken by the Membership Services Committee to reduce them, namely: 1) Protect intellectual property. The State Bar reviews and approves use of the logo for mailings and other promotional material; 2) Avoid activities or communications suggesting or requiring exclusive use. Vendors are no longer allowed exclusive endorsements. MBNA's contract is the only one that includes such language; they allow the State Bar to offer USNM Federal Credit Union financial services in general terms, but the credit union may not promote similar financial products; 3) Develop criteria to determine that applicants are deserving of endorsement. The committee developed a standard RFP that requires staff to research and provide several alternative providers; comparisons of products and services are kept on file; and 4) Assess tort liability. The committee developed a disclaimer that is added to each new agreement. Additionally, the words "endorsed" and "partner" were not used in naming the program. Companies having such an agreement with the Bar are called "Alliance Program Participants." Ms. Morganti also reported on a new business card program addendum to the current MBNA Agreement, which the Board approved.

17. Discussion Regarding the Alternative Methods of Dispute Resolution Committee

Over the last several years, there has been discussion regarding making the Alternative Methods of Dispute Resolution Committee a section, since it functions more as a section than a committee. In 1998, the section voted unanimously to remain a committee, and the current interim chair of the committee wants it to remain a committee. However, certain activities, such as elections and lobbying, are easier for sections to undertake. President-elect Vigil, Mr. Conte and Ms. Morganti are scheduled to meet with the interim committee chair next month. The Board decided to table a decision on the committee until after that meeting.
18. Discussion Regarding Board of Bar Commissioners Composition

President O’Brien reported that members from Alamogordo have indicated that they would like a representative from Alamogordo on the Board. Alamogordo is in the Sixth Bar Commissioner District, which includes Chaves, Eddy, Lea, Lincoln and Otero counties. The local bar feels it would be better represented in the Seventh Bar Commissioner District, which includes Catron, Dona Ana, Grant, Hidalgo, Luna, Sierra, Socorro and Torrance counties. 7. Death Penalty Discussion

President-elect Vigil reported that there had been a request that the State Bar revive the Task Force to Study the Administration of the Death Penalty in New Mexico. The Task Force presented its report and recommendations to the Board last year. The Board accepted the report, but did not establish a permanent committee to follow-up on the recommendations in the report. Commissioner Briones made a motion to convene a committee to follow-up on and determine how to implement the recommendations of the Task Force. Commissioner Schutte stated that he serves as the liaison on the Criminal Rules and Uniform Jury Instructions Committees and both of those committees have already reviewed the report and recommendations. He expressed concern that this committee could conflict with an already existing network of organizations or committees. Commissioner Alcott suggested appointing an internal Board committee instead of an external committee. Commissioner Briones withdrew his motion. Commissioner Alcott made a motion to appoint a balanced, internal Board committee to review the report and recommendations and discuss with the Task Force co-chairs and various committees and report to the Board. The motion was seconded and it passed with one no vote. The objective of the committee was to draft the best possible rule for the Supreme Court’s consideration. The committee used the ABA Model Rule to develop a reciprocity rule for New Mexico. The draft rule was sent to the voluntary bars for comment and those comments were included in the materials. The committee requested that the Board take a position on reciprocity and forward the rule to the Supreme Court. Several commissioners expressed concern that the Board represents the membership and input should be solicited from the entire membership, not just the voluntary bars. Carol Skiba with the Board of Bar Examiners reported that she forwarded the draft rule to other jurisdictions for input and noted some of the requirements of other states, which are not included in the draft rule. Commissioner Jontz noted that the committee discussed other states’ requirements and that reciprocity rules are not the
same in any state, but only states with similar rules to ours would qualify. He also noted that the final decision of who would qualify would be at the discretion of the Board of Bar Examiners. Michael Murphy reported that regardless of the rule, a character and fitness report would still be required. Commissioners discussed the pros and cons of reciprocity and questioned the financial impact it would have. Mr. Murphy noted that there have been no studies conducted on the financial impact of reciprocity in other states and that it would be difficult to measure. Following discussion, Commissioner Alaniz made a motion to table a decision on reciprocity to the January meeting in order to solicit input from the membership and discuss with constituents. At the September meeting, the Board directed the Unauthorized Practice of Law Subcommittee to draft amendments to the UPL Statutes. He distributed copies of the amendments to the UPL Statutes 36-2-27 and 36-2-28 and requested the Board’s approval. The Board discussed the definition of the practice of law, several of the remedies, as well as title companies handling real estate transactions, which would seem to fall under the list of exceptions. Mr. Lucero stated that the amendments create more of an incentive for UPL complaints to be filed, and if approved by the Board, the subcommittee would present the amendments to and lobby the Legislature to adopt them. Commissioner Behles made a motion to authorize the UPL Subcommittee to take the amendments to the Legislature and lobby for them without expending any bar funds. The motion was seconded and it passed on the condition that if substantial changes are made to the amendments, then the Executive Committee would review the changes.

He requested that content published in the Bar Bulletin be managed more carefully. The Board discussed the role of the Board of Editors and the need for more oversight. Following discussion, the Board decided to publish a disclaimer in the Bar Bulletin stating that the article was not
a position of or reflective of the views of the Board of Bar Commissioners or the State Bar and to invite the NM Trial Lawyers Association to submit a response for publication in the Bar Bulletin.
